## Battery Installation

Insert the battery's alignment lugs into the recesses, then press firmly until the battery latch clicks twice:

## Charging Instructions

The battery pack is not initially fully charged. After installing the battery, charge it with the USB cable or with the single dock.

### Charge with USB

You can use a standard micro USB to USB cable in conjunction with a power supply adapter to charge the Skorpio X4 from a power outlet.

Use only a Datalogic approved power supply.

Don't insert the wall charger into the micro USB port when the Skorpio X4 is inserted into the dock.

### Charge with the Single Slot Dock

## SD Card Installation

1. Turn off the Skorpio X4 (press the power key and waiting for device poweroff).
2. Pull the battery latch down and remove the battery pack:

3. Shift the cardholder upwards and then pull it up:

4. Insert the microSD card with the written part upward:

5. Lock the card into place by pushing the cardholder down and then shifting it downwards:

6. Insert the battery's alignment lugs into the recesses, then press firmly until the battery latch clicks twice:

## Scanning and Imaging 1D Imager Data Capture

## 2D Imager Data Capture

## Aiming System Pattern

The following information applies to Laser Aiming System, used on Skorpio X4 variants with 2D Imager:

## Synchronise your Device with the PC\*

### Set up Synchronisation using Windows Mobile® Device Center

Windows Mobile® Device Center can be downloaded from Microsoft website [www.microsoft.com](http://www.microsoft.com). It is only compatible with Windows Vista and Windows 7; if you run Windows XP or earlier, you have to download Microsoft ActiveSync.

You can establish a connection to your Skorpio X4 through the following interfaces:

- USB either directly or through the Single Dock
- RS232 either directly or through the Single Dock
- Bluetooth®

To establish a partnership between the Skorpio X4 and a host PC, start Windows Mobile® Device Center and follow the steps below:

1. Connect the Skorpio X4 to the host PC. Windows Mobile® Device Center configures itself and then opens.
2. On the license agreement screen, click Accept.
3. On the Windows Mobile® Device Center's Home screen, click Set up your device.
4. Select the information types that you want to synchronize, then click Next.
5. Enter a device name and click Set Up.

When you finish the setup wizard, Windows Mobile® Device Center synchronizes the mobile computer automatically. Microsoft® Office Outlook® emails and other information will appear on your device after synchronization.

\*. For Windows Embedded Compact 7 models only.
